PROFESSIONAL SUMMARY

Computer Science & Engineering student at **Sister Nivedita University** with a strong interest in full-stack development, desktop application development, Ai-assisted software engineering, and problem solving. Experienced in building responsive we applications using **HTML, CSS, JavaScript, React.js, Node.js and SQL**. Familiar with **Electron.js, REST APIs, Git & Github**, and modern development workflows. Passionate about developing practical software solutions and seeking software engineering, full-stack engineering, or Ai-focused internship opportunities.

EXPERIENCE

College ERP System

Jun 2026 – Present

Computer Science & Engineering student at **Sister Nivedita University** with a strong interest in full-stack development, desktop application development, Ai-assisted software engineering, and problem solving. Experienced in building responsive we applications using **HTML, CSS, JavaScript, React.js, Node.js and SQL**. Familiar with **Electron.js, REST APIs, Git & Github**, and modern development workflows. Passionate about developing practical software solutions and seeking software engineering, full-stack engineering, or Ai-focused internship opportunities.

Currency Converter Web Application

June 2025

Built a responsive currency converter using **HTML, CSS, JavaScript, REST APIs** with real-time exchange-rate integration and a modern responsive interface.

VALAK – AI Desktop Assistant (Currently Working)

Jan 2026 – Present

Currently developing a cross-platform AI desktop assistant using **Electron.js, Node.js**, and **Ollama** with voice interaction, desktop automation, local LLM integration, and AI-powered productivity features.

EDUCATION

Sister Nivedita University

Bachelor of Technology – *Computer Science Engineering (5th Sem)* | CGPA: 8.84/10

Kolkata ,West Bengal
2024-2028(Expected)

Authpur National Model Higher Secondry School (ISC Class XII) –75.24%

West Bengal
2023

Authpur National Model Higher Secondry School (ICSE Class XII) – 83.74%

West Bengal
2021

SKILLS

TECHNICAL SKILL	CORRESPONDING SOFT SKILLS
Programming: C, Java, JavaScript, SQL, Python (Basic)	• Problem-solving, Logical Thinking, Analytical Thinking, Attention to Detail
Frontend: HTML5, CSS3, React.js	• Creativity, User-Centric Thinking, Visual Thinking, Communication
Backend: Node.js	• Logical Reasoning, Debugging Mindset, Problem-Solving, Adaptability
Databases: MySQL (Academic)	• Data Accuracy, Analytical Thinking, Attention to Detail, Structured Thinking
Graphic Design: Canva (Posters, Social Media Creatives, Presentations, UI Mockups)	• Creativity, Visual Communication, Storytelling, Attention to Detail
Tools: VS Code, Git & GitHub, Electron.js, Ollama	• Adaptability, Continuous Learning, Collaboration, Technical Curiosity
Core CS: DBMS, OS, Computer Organization, TOC, Numerical Methods	• Analytical Reasoning, Critical Thinking, Conceptual Understanding, Systematic Thinking

CERTIFICATIONS

- Java Multi-Threading Mastery :- From Basics To Advance.
- Created a Supermarket App using OOPs Features in Java.
- Java Classes and Objects.
- Advanced Software Engineering Job Simulation.

LANGUAGES

English – Professional Proficiency | **Bengali** – Native | **Hindi** – Fluent
